*Worshipping a
Real Man's Cock*

As a fag, it's very easy for you to imagine sucking the cock of a real man. That is all you think about. That is all you really do. You are a cocksucker. That is all you want to do. Sucking cock is what you want to dedicate your life to do. As a fag, you have dreamed about sucking a real man's cock all your life.

As a fag, you are a hole. A hole to be filled by a real cock of a real man. And that is what you know you are to be used for. You've always known this. And that's why it's easy for you to relax. Relax, and picture yourself totally naked. Totally naked in front of a real man. You're naked in front of a real man and you're on your knees. You're naked, you're on your knees. You're totally naked in front of a real man. Naked on your knees. Your face is in this man's crotch. Just like you always want, you're looking at a man's cock. Just like you always want. You always want to look at a man's cock. A man's hard cock. You're naked in front of a real man, and you're on your knees, your face is in a man's crotch. And you're looking a real man's hard cock.

Your purpose for being there is for one reason and for one reason only. And you know this. You know this with all of your heart and all your soul and all of your cock sucking mouth. You are there to suck that cock. You are there to suck that cock. You want to suck that cock. You need to suck that cock. He is better than you. That cock is better than you. It will always be better than you. You will always be nothing. You love to suck cock. There is nothing you like better than sucking a nice, big, hard cock. That's because you're a cocksucker.

You crave sucking cock. You crave sucking cock more than water and food. More than water and food, you crave sucking cock. You would rather suck a cock more than anything in the world. More than anything in the world. You want this cock. You need this cock. This cock that you're going to suck, you're going to do the very best job of sucking this cock that you possibly can. And

each time that you suck cock is going to get better and better. You'll never stop trying to suck cock. You'll never stop sucking cock. You'll always be sucking cock. You'll never stop trying to suck cock better and better. Every cock you suck will be a cock that is sucked better than the last one. Every day, and every way, when you suck cock, you will be better and better at cock sucking. You always get better. You want to get better. Because that is what you are: a cocksucker.

When you are naked and on your knees between a man's legs, you are going to be the very best cocksucker that you can possibly be. Because you know the man who owns this cock deserves the very best. The man whose cock is in your mouth is king. He deserves the very best blowjob you can possibly give him. You do this because you worship him. You do this because you respect him. You do this because you admire him. You do this because you want to please him. You want to please his cock. You want to please him and his cock. In fact, your only purpose in life is to please him and his cock. That is the only reason you have for living.

You are a hole and the only way you can fill that hole satisfactorily is with his cock. You realize you need that cock, and the only way it and you are going to feel better is if you suck it. If you suck it and give it the very best blowjob you possibly can. And so to do this, you put your head closer between his legs. You put your head closer to his cock and his balls. Your head gets closer. Your mouth gets closer. And your mind gets closer. Your head and your mouth and your mind get so close to the cock and balls until that's all you can see and feel and smell.

You like men's cock. You like to play with them. You like the shape of them. You like the feel of them. You like the look of them. You like to imagine them. You imagine men's cocks all the time – in fact, that's all you can think about. All you can think

about are the cocks of other men. You want to suck it and give it the very best blowjob you possibly can. And to do this, you put your head closer between his legs. You put your head closer to his cock and balls. Your head and your mind and your mouth are now with his cock and balls. You like to suck on them. And you notice the smell of it and the taste of it and the size of it and the feel of it. And the closer it gets to your mouth, the more you notice about the shape and the size, all the details, and the feel and the smell, and how much you want it, and how much you need that cock inside your mouth. Inside your hungry cocksucker mouth. Inside your hungry cocksucker mouth and down your throat.

You've been begging for this. Ever since you were born, you've known this is what you were meant to be. You were meant to be a cocksucker. A cocksucker. You were meant to be a fag. A fag who sucks cock as often, as often as he can. You don't know why and you don't care why. You can't think about why. All you know is that it is, and all you know is that you need to suck cock as often as possible. As often as possible. You beg for it. You beg for it. You beg to suck cock. You hear yourself begging to suck cock. You hear yourself begging to suck cock in so many ways.

You look up at the man who has the hard cock that you are about to suck. And he looks down at you. And you know that finally, as a cocksucker, you have made the right connection. At last, finally, at last, he is going to allow you to suck his cock. Because you are a cocksucker. And you have been begging for it. And you have let him know that you are going to do the most that you can to serve it and to worship and to suck that cock to the very best of your abilities. And you know that you are overwhelmed with this warm feeling, this positive glow of sensation of being a cocksucker. It is the good, relaxed feeling of at last getting what you've always wanted. Getting what you've always wanted and needed.

Finally you are there at last. You are on your knees. You're on your knees between the legs of a superior man. Yes, you're on your knees between the legs of a superior man. And that superior man is going to give you his superior cock. And, after all of your begging, after all of your begging and pleading, after all the dreaming and imagining and fantasizing, after all the fantasizing, at last, at long last, you are going to be down there, sucking on it, sucking on the cock of a superior man.

You feel the glow of being energized at finally, at long last, finding your place in life. And this is your place in life as a cocksucker. As a cocksucker, you know this. You know you are a cocksucker. And this confirms you are a cocksucker because you are going to be sucking a cock. You feel the glow of being energized, of finally finding your place in life.

This is good. This is great. This is exactly, exactly, exactly where you belong. This is great. This is good. This is exactly where you belong. This is what you deserve. It's what you were born for. It's what you need to do. It's what you have to do. It's good to be a cocksucker. It's good to be a cocksucker. You're a good cocksucker. It feels good to be a cocksucker. It feels great to be a cocksucker. It feels like the only thing in life, sucking cock is exactly where you belong. And exactly what you deserve.

You can't help but admire a fine cock like this. Every cock is superior to you. And so you admire every cock. And you admire a fine cock like this. You admire and desire. You admire and desire. Admire. Desire. It is a hard meat, and it deserves the very best blowjob you can possibly give it. Because you are its cocksucker. You and the cock are going to become one and the same. You will open your mouth and you will feel the heat, you will feel the growing heat of the cock coming, coming, coming towards your mouth. The cock is coming towards your mouth. It's coming towards your mouth and your throat and your soul. So that you

can almost already feel its size and shape and taste and you're already getting a sense of its power. Its power over you. And how it's going to take over your mouth.

You can touch, touch the head of the cock with your lips. And the warm good relaxing feeling that courses through your body is like a magical instrument that has just been plugged in, and the feeling is electric. To have your superior male's cock touching your lips. And your lips attach themselves to it as if they never really want to let go. They never want to let go once they finally have a chance to attach themselves to the cock that they are serving. He deserves the very best blowjob you can possibly give him. You're going to do the very best job of sucking his cock that you possibly can.

And each time that you suck cock is going to get better and better. You'll never stop trying to suck cock. You'll never stop trying to suck cock better and better. Every cock you suck is a cock that is sucked better than the last one. Every day, in every way, when you suck cock, you will be better and better at it. When you are naked on your knees between a man's legs, you are going to be the very best cocksucker you can possibly be. Because you know that the man who owns this cock always, always deserves the very best. He deserves the very best blowjob you can possibly give him.

You do this because you are a fag, because you want to please him. You want to please him and his cock. You do this because you worship him. You do this because you respect him. You do this because you admire him. You do this because you want to please him. You want to please him and his cock. In fact your only purpose in life now is to please him and his cock. That is the only reason you have for living. You are a hole, and the only way you can fill that hole satisfactorily is with his cock. You realize now that you need that cock, and the only way it and you are going to feel better is if you suck it. If you suck it and give it the very best blowjob you possibly can.

You love men's cocks. You like to play with them, you like the shape of them, you like the feel of them, you like the look of the, you love to suck on them. The closer it gets to your mouth, the more you notice about the shape, the size, the texture, the grandeur and the feel and the smell of it, and how much you want it and need it inside your mouth, inside your hungry cocksucker mouth, inside your hungry cocksucker mouth and down your throat.

You've been begging for this. Ever since you were born, you've known that finally this is what you were meant to be. A cocksucker. A fag who sucks cock as often as he can. A fag who sucks cock as often as it possibly can and that is all you think about. You don't know why, and you don't care why, and you can't think why. But all you know is that you have this desire, this insatiable desire to suck cock as often as possible. You beg for it. You look up at the man who has the hard cock that you are about to suck and he looks down to you and you know that finally as a cocksucker you are where you are supposed to be. He is finally at long last going to allow you to suck his cock, and you know you have made the right connection. And you know that when he looks down at you and tells you that it's okay, it's okay, it's okay to suck his cock, that you are overwhelmed with this warm feeling, this positive glow and sensation of being a cocksucker. It is the good and relaxed feeling of at last getting what you always always wanted and needed.

Finally you are there on your knees between the legs of a superior man. And that superior man is going to give you his superior cock. And after all of your begging and pleading, after all the dreaming and imaging, after all the fantasizing at last, at long last, you're going to be down there sucking on the cock of a superior man. You feel the glow of being energized of finally, finally finding your place in life. This is good. This is great. This is where you belong. This is what you deserve. It's good to be a cocksucker. It feels

great to be a cocksucker. It's your mission in life. It is your purpose in life. Sucking cock is exactly where you belong and exactly what you deserve.

You can't help but serve this cock. You will open our mouth and you will feel the heat of the cock coming toward your mouth. And the cock is already coming toward your mouth, it is coming toward your mouth and you feel its size and its shape and you're already getting a sense of its power. And how it's going to take over your mouth. You can touch the head of the cock now with your lips and as the warm good and relaxing feeling courses through your body, you have your superior man's cock touching your lips and your lips attach themselves to it as if they never want to let go, as if they were always one and the same. And the more you touch it, the more your lips keep wanting to touch it. And the more you feel it, the more you want to feel it. And those feelings of wanting and sucking and worshipping just get deeper and deeper and you feel you are finally deeply connected to this, the cock of cocks.

And while you are beginning to suck it, you know that it is the best of the cocks in the whole world. Every cock you have in your mouth is the best cock in the whole entire world. The best cock in the whole entire world. It's the best cock in the world and you are so lucky, you are so lucky to be such a cocksucker, you are so lucky to be able to have the best cock, and you are lucky to be allowed to suck on it. You are the luckiest cocksucker in the world to be able to suck on the best cock in the world. You realize now that your mouth and this cock were made for each other and that everything fits perfectly now. And the world makes sense. The world finally makes sense.

And it seems like the most important thing for you to do now as a cocksucker is to worship the cock that is in your mouth. As a cocksucker, you are devoted to every cock you suck. But for some reason, this particular cock, this cock in particular is especially

beautiful, especially manly, it is especially virile, it is especially delicious and especially superior, and as your lips wrap themselves around the cock head, you realize deep down just how important it is for you to devote your mind exclusively solely and particularly to this cock. You must focus on sucking. And you need to focus your mind only on the pleasure of this cock. You need to turn your mouth into a pussy, and you need to worship this cock in particular, which is always always a very special cock, a very special cock, a cock that you cannot possibly live without. You cannot live without this cock. It is worshipped and made welcome to you.

Your Master, the owner of the most beautiful cock in the whole world, may decide to let you lick it or suck it. Or he may tell you to kiss and lick his balls. Or he may tell you to suck that cock for all your worth, or he may tell you to hold it deep in your throat. And he may make you suck on it for five minutes, or two minutes, or ten minutes, or twenty minutes, or he may even make you suck on it all night long or all weekend long. So that you will always, you will always feel and will always remember, you will always feel and remember, feel and remember the cock filling up your mouth and the cock fucking your throat and filling up your entire faggot body with cock in every way possible. And it doesn't matter to you if he asks you to suck it for five minutes or to suck it for ten minutes or twenty minutes or even all night long. Because to you, time is nothing, because you are so deeply and profoundly devoted to cock, deeply and profoundly devoted to cock sucking, and you are so focused and so concentrated on sucking the cock that is inside your mouth that you can keep sucking and sucking and sucking for as long as he tells you to.

You will be completely happy. And you will have no concept of time and place. And when you are a total fag, you are making this magic connection that you have always desired, that you are finally being able to suck on a real man's cock, a real man's cock. Yes, finally, you are able to suck on a real man's cock. A superior

man's cock is in your mouth now, and all you know is you're concentrating all, all your thoughts and all your desire on pleasing it because you are a cocksucker. And that is what cocksuckers do.

You're not aware of anything else around you because you're in this phase where all you can think about is cock. And even as the hard cock is filling our mouth and throat, the hard hot cock is also filling up your head. It is taking over your consciousness. You no longer have any other thought in your head except your devotion to sucking on the most perfect, the most perfect cock in the entire world. The man who is fucking your pussy faggot throat with his cock is your ruler. He is the boss. The man who is fucking your cunt mouth with his cock is your king. He is the king and you are his cocksucker. And he is fucking your worthless pussy cunt mouth, and you are so grateful that you are trying to open up more and more. You are so grateful that your Lord and Master has let you finally suck his cock and use your mouth as a cum dump and a twat and fuckhole, that you try to open up more and more and more. You need to open up more and more and more.

As a cocksucker, you can never really do enough to please the cock you're sucking, but you can always try. You can always learn more and more ways to please more and more men with every single cock that you suck. You are always practicing, you are always trying. As a cocksucker you can never really do enough to please the cock you're sucking but you can always try, you can always learn more and more ways to please more men and more and more and more cocks. And you are always ready, always eager, always hungry, always thirsty, always available to serve his cock, to have your mouth used, to be the best cocksucker you can possibly be. Because every cock that you suck on is the best cock that you have ever sucked on. So you are going to try your hardest to please it, to swallow it. To do exactly what your Lord and Master orders you to do. In order to be the very best

cocksucker that you can possibly be, even though that means you are always trying to be better and better.

When you are in your fag zone, when you are sucking on a cock the way a fag should suck on a cock, the cock you are sucking on is your God. And you are doing everything you can to please and worship it. You are using your tongue to please it. You are using your lips to please it and opening up your mouth and your heart and your soul. And your mind is going to become the complete utter faggot cocksucker that you are. You're opening up even wider, and as your Master gives you even more cock to suck, more meat to eat, you become more eager, more eager, more enthusiastic to accept more and more of it. You want to swallow all of it. All of it. Because you know that's what he wants you to do. And you know that's what you're supposed to do as a faggot cocksucker. You are swallowing and swallowing and swallowing, going deeper and deeper and deeper and deeper, sucking and swallowing and sucking and swallowing, and letting the cock just become the most important part of your being. Because it is reaching your very core.

And you know that every real man possesses a cock like this, because every real man's cock can give you this wonderful kind of feeling. So you always know that you are always a ready, willing and able cocksucker to every real man. Always open, and your mouth is a pussy and is dripping and hot and ready and receptive to receive a cock that you know you must please to your utmost. When you taste his cum, when you finally taste his cum, to you it is the best reward in the world. The best reward in the world. The best reward in the world. The best, the best. You know it is the best reward when your Master cums, when he is pumping in your throat or overflowing on your tongue, or flowing all over your face. And your tongue is licking, licking, licking, licking, licking, always sucking and sucking.

And even when he takes his cock away from you, you know that you will always still be sucking cock in your mind, sucking cock in your mind and in your soul, and you'll always be thinking of sucking cock. Because that is your focus, every hour of every day. You are a faggot cocksucker, and your only focus is on serving a real man's cock.

And with every man you are more and more open, making yourself more and more available to any man who wants to use your faggot mouth. To any man. He wants to use your mouth because you are a very dedicated cocksucker. You want them all to use your mouth. You are a cocksucker who is dedicated, dedicated to sucking and serving, serving and sucking. It doesn't matter who the man is. Any real man gets to use your faggot mouth, and you are glad to do it. You are glad to serve any man, any real man who needs your mouth on his superior cock.

And the more men who use you, the more men who make you their faggot cocksucker, the more it makes you proud and happy, and that always makes you more and more hungry to suck cock more and more, more and more cocks.
